

Giulio Leoni

Videogame programmer

I approach every difficulty by asking myself what I can learn from it

PROJECTS

Gamplay Programmer | Gunpyre | 10/2023 - 10/2024

Gunpyre is a **twin stick shooter** developed by a team of 13 students from different courses of A.I.V. It has been **published** on [Steam](#) by A.I.V. and I worked on:

- **Behavior Trees** and **Animation Blueprints** of 30% of the game's enemies
- Functionalities of 20% of the game's environmental hazards
- 35% of the game's power-ups
- Optimization of game systems and game features
- Testing, debugging and fine-tuning of the game

Warm Up Game Jam | 23-27/09/2024

It's a game jam organised by A.I.V. at the beginning of the school year to which I participated with a team of 5 students. We developed a **UI** game during this 5-day jam:

- Developed the **gameplay system**
- Worked on the functionalities and **Widget Animations** of 90% of the widgets in the main level
- Implemented **audio**

Journey to the roots | Global Game Jam 2023

I participated with a team of 15 students and we developed a **platform**:

- Implemented the **camera switch** system
- Developed **checkpoint** system and **collectibles** system
- Worked on 30% of the game's hazards

SKILLS

C | C# | C++ | Lua | OpenGL | Unity | Unreal Engine 4 | Unreal Engine 5 | Unreal Blueprints
Visual Studio | Visual Studio Code | Trello | Github | Perforce | Windows
Source Control | Performance Optimization | Fine-tuning | Data Structures
Modular programming | Object-oriented programming | Software design pattern | Agile | Scrum

EDUCATION

A.I.V. - Accademia Italiana Videogiochi 2021-2024

Associate's degree in Video game Programming

Sapienza University of Rome 2017-2021

Physics faculty

Liceo Scientifico John Fitzgerald Kennedy 2012-2017

High school diploma in scientific studies

LANGUAGES

Italian: Mother tongue

English: Advanced

HOBBIES

Hiking

Gaming

Roleplaying
